# Flip 'n' Match Game

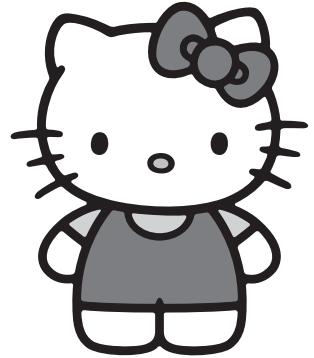

## Instructions

For 2 to 4 players

Ages 3 to 6

### Object:

Be the player with the most matching pairs at the end of the game.

### Contents:

Plastic game base, 36 disks, label sheet with pictures.

### Set Up:

Carefully remove the labels from the sheet and place one on one side of each disk. Now place all of the disks, picture side down, on the table and mix them. Without looking at the pictures, place a disk on top of each of the circles on the game board.

The youngest player goes first, then play moves to the left.

### Playing:

On your turn flip over any two disks that are on the board. To flip a disk simply press down on any side of it. If you find a matching pair, remove it from the game board and take another turn. Whether you find another pair or not, the next player now takes their turn.

### Ending and Winning the Game:

When all of the disks have been removed from the board, players

count up how many disks they have. The player with the most disks wins. In case of a tie, all tying players win.
